OK, thank you. The sooner the better since the surveyors will be in the field again starting tomorrow morning. I appreciate you staying on top of this and have a good night.

Sincerely,

Hi –
 I passed your request to our GIS lead right away; she needed to consult a few other people. I expect to have the information to you tomorrow.
 Thanks.
 Carolyn

Carolyn

Good afternoon. It is my understanding that the surveyors have started their work at the site today and should have it completed this week. Have you been able to confirm exactly how your GIS staff need the lat/long data presented to them? I need to get this information to the surveyors right away to ensure the data being collected will be useful for everyone involved.

Thanks

Sincerely,

Bradley E. Gentry, LPG
